Title

ASSIGNMENT

WHEREAS, Dendreon San Diego LLC of 3005 First Avenue, Seattle, Washington 98121, hereinafter referred to as "ASSIGNOR," is the owner of all rights in certain new and useful improvements as described and set forth in the United States Patents and Patent Applications identified in the Appendix annexed hereto;

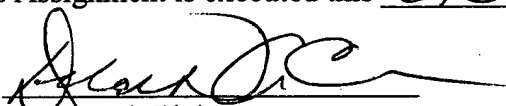

WHEREAS, Dendreon Corporation of 3005 First Avenue, Seattle, WA 98121, hereinafter referred to as "ASSIGNEE," wants to acquire an interest in the inventions and patent applications and in any Letters Patent and Registrations that have been and/or may be granted on the same;

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has assigned, and by these presents does assign to Assignee all right, title and interest in and to the inventions and patent applications and to all foreign counterparts (including patent, utility model and industrial designs), and in and to any Letters Patent and Registrations which have been and/or may hereafter be granted on the same in the United States and all countries throughout the world, and to claim the priority from the applications as provided by the Paris Convention. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made, for the full term of any Letters Patent and Registrations which have been and/or may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignor further agrees that Assignor will, without charge to Assignee, but at Assignee's expense, (a) cooperate with Assignee in the prosecution of U.S. Patent applications and foreign counterparts on the inventions and any improvements, (b) execute, verify, acknowledge and deliver all such further papers, including patent applications and instruments of transfer and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the inventions and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's successors and assigns.

IN TESTIMONY WHEREOF, this Assignment is executed this 8th day of July, 2004.
